

The Lawyer that can Manage in one Minute

This training course will provide you with the key skills of goal setting, praising and reprimanding. The focus is on providing instant skills that will help you, as a manager, develop lawyers' goals and then react swiftly and effectively, catching people doing it right and challenging them when they get it wrong. The end goal is to increase productivity by using your most important resource, your team.

Course objectives:

- ✓ Understand the value of one-minute managing
- ✓ Learn how to set clear and measurable goals
- ✓ Learn how to give praise effectively
- ✓ Learn how to give redirects to re-focus behaviours
- ✓ Appreciate how to get the best results from your people
